

The Green Center's Nature Play Programs- *FALL 2025*

"Nature play" programs reconnect children to nature and offer them experiences to explore, discover and interact with the natural environment. Connecting children to nature has beneficial effects on a child's health, development and well-being. Sign up your child for one or more of these engaging outdoor programs!

Nature's Sketchbook: *Fall Edition*

Tuesday, September 30

Fall wildflowers are the last burst of color in our gardens before winter. Learn where they grow and why they are so important to pollinators & birds during this season. You will use these flowers to create your first fall sketchbook entry!

Traveling Seeds

Tuesday, October 7

Explore our gardens to look for seeds and learn about all the special ways that they move from one place to another. You will create a seed-tastic souvenir to take home after your travels!

Herb Garden Sensory Play

Tuesday, October 21

Fall in love with herbs as you use all of your senses to explore our herb garden. The herbs will be used to create tasty treats, too!

STEMKids Halloween Scavenger Hunt!

Tuesday, October 28

Bring fall into focus using our portable microscopes! Students will become curious scientists as they take part in a scavenger hunt looking for the micro part of nature!

Story Time with "Leaf Man"

Tuesday, November 4

Listen to the story of "Leaf Man" and go on a leaf collection adventure to design your own leaf-of art to take home.
